WHY EAST AFRICA?

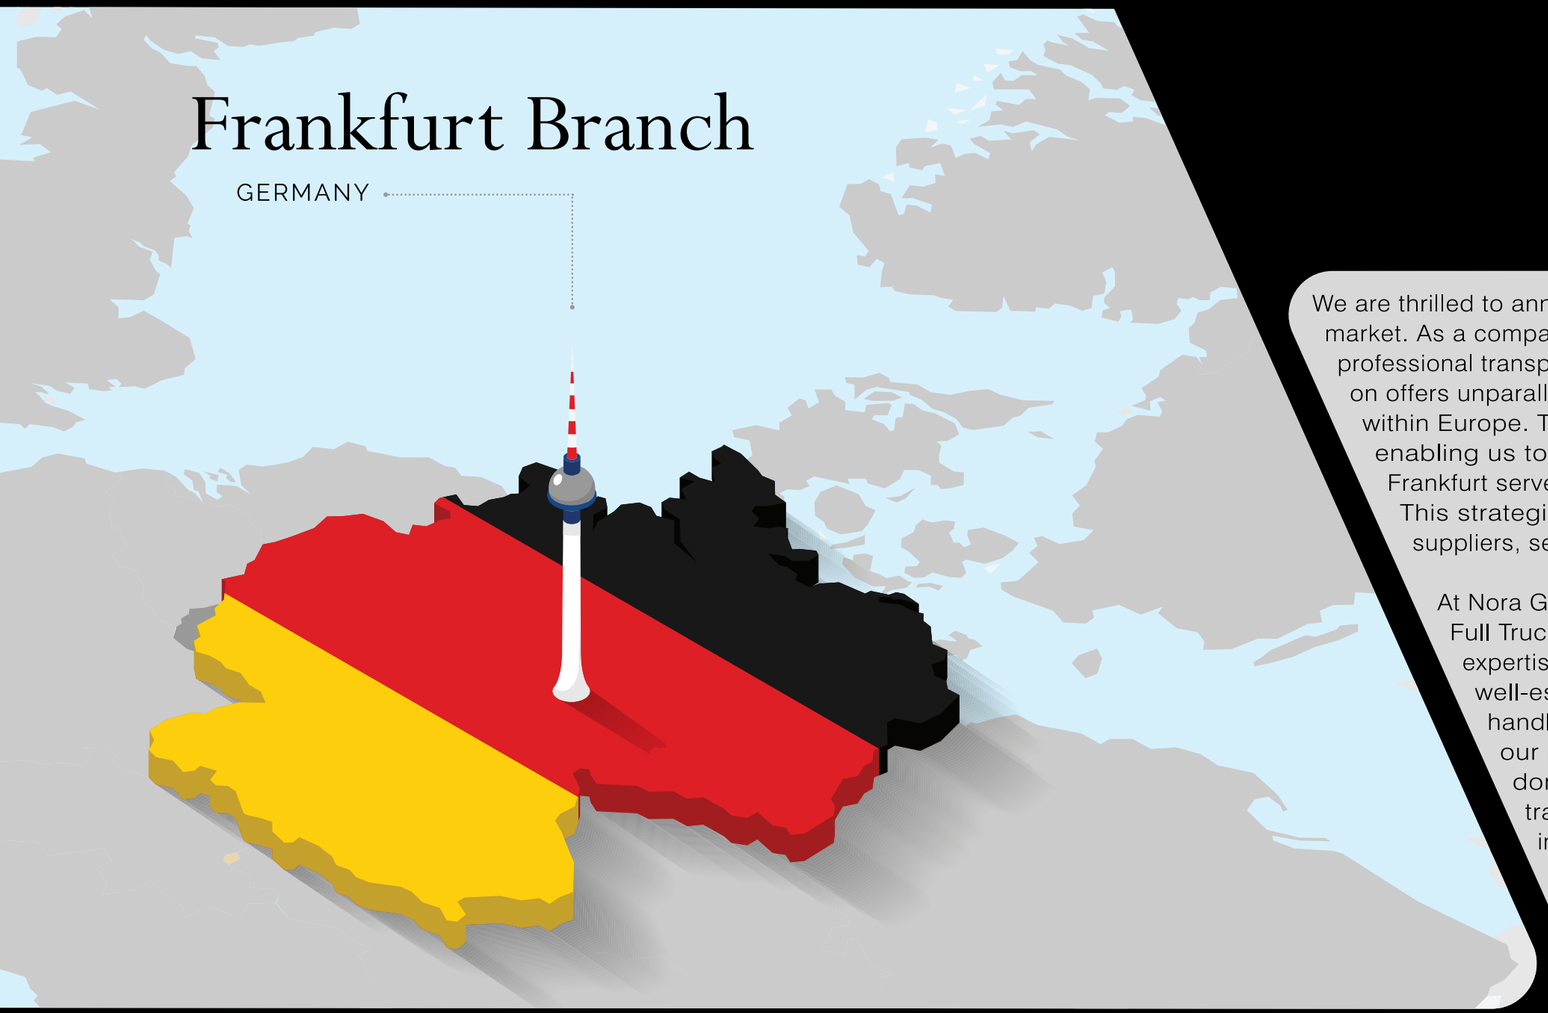
OUR DJIBOUTI AND ETHIOPIA BRANCH

As Nora Global Logistics, we launched our Djibouti branch in 2017 and Ethiopian branch offices in 2018 to carry out your shipments to/from East Africa in the most reliable, fast, and professional way.

Djibouti is located in a strategically and geopolitically important position, geographically described as the promontory of the East African region. Therefore, it is the only gate of Ethiopia, which does not have a coast to the sea, which is open to sea transport. Ethiopia is the most preferred country due to its safe transition point from East Africa to Central African Countries, high and young population ratio, and infrastructure competencies. Thanks to our experience and activities in the region and through our branches in East Africa, we are in a position where we can safely control all logistics and maritime transport activities to the southern regions of Somalia (Berbera, Bosaso, Mogadishu ports, and Hinterland region) and Kenya in the south, to Eritrea and North Sudan in the north, and South Sudan in the west.

As Nora Global Logistics, we aim with our experience of over 20 years at providing our valued business partners with our service in the most reliable and fastest way to meet their logistics needs for sea and air shipments to the entire East Africa region, especially to Djibouti, Ethiopia, and Somalia, and for road and railroad shipments to the interior regions of Africa.

WHERE WE ARE IN TÜRKİYE



Germany
Frankfurt Branch Office

We are thrilled to announce the launch of our Frankfurt branch in 2023, marking our entry into the European market. As a company committed to excellence, we take immense pride in providing reliable, efficient, and professional transportation services across Europe. Strategically situated in Frankfurt, Germany, our location offers unparalleled advantages. Frankfurt is a significant economic hub and boasts a central position within Europe. This prime location provides us with unparalleled access to Europe's largest airport, enabling us to coordinate air transportation with a wide range of airlines seamlessly. Moreover, Frankfurt serves as a pivotal junction for both North-South and East-West European highway routes. This strategic advantage allows us to forge strong partnerships with numerous road transport suppliers, securing favorable freight rates and ensuring timely deliveries for our clients.

At Nora Global Logistics, we possess an extensive network that spans the continent. Whether it's Full Truckload (FTL), Less Than Truckload (LTL), rail, or river-barge connections, we have the expertise to organize and execute seamless transport solutions to various parts of Europe. Our well-established relationships with carriers, ship owners, and reliable agents enable us to handle your cargo with utmost care and precision. While container transportation remains our primary focus, we offer comprehensive solutions beyond the traditional maritime domain. From bulk shipments to out-of-gauge cargo, we excel in managing diverse transportation needs. Our services encompass every aspect of the logistics process, including loading and unloading, pre-transport arrangements, final delivery, lashing, and tarpaulin operations.

As we look to the future, Nora Global Logistics is committed to expanding its presence throughout Europe, emphasizing Germany. With a wealth of industry experience spanning over 25 years, our dedicated team takes pride in delivering personalized and reliable logistics solutions to our esteemed business partners. As a result, you can trust us to handle your logistics needs efficiently and effectively, ensuring your satisfaction every step of the way. We are excited to embark on this journey with you and showcase the superior standards and professionalism that define Nora Global Logistics.
